BUSY BEES
PRESCHOOL

Preschool and Kinder Program

A nurturing and safe environment for children.

BUSY BEES
PRESCHOOL

All curriculum programs are based on the developmental levels of the individual children in each class

Encouraging growth through developmental learning and loving care.

Busy Bees Preschool's programs are devoted to fostering a warm and caring environment that enhances emotional growth of our children with a

nurturing staff, in partnership with parents. We focus on the whole child, making sure that he or she develops academically and social-emotionally.

Pre-Kindergarten is focused on Kindergarten preparation. Children will learn alphabet and number awareness, phonics, sight words, math and science concepts, behavior and social skills, and physical fitness

5 days: \$465, 4 days: \$419, 3 days: \$383, 2 days: \$347

Preschool and Pre-Kindergarten Programs

Busy Bees Preschool program is designed to those children who are very independent and self-motivated, who are comfortable with groups and who are able to pay attention to others' ideas. This lively class gives children many opportunities to explore creative avenues and social relationships. Our curriculum is to focus on letter recognition, beginning stages of writing, pre-reading skills, concrete math skills; science and diction are all key pieces to our preschool program. Our classroom is also set up to provide many opportunities for children to practice decision-making and self-help skills in a safe, supportive environment.

A COMFORTABLE ENVIRONMENT

Each classroom encourages a child's desire to learn through hands-on exploration and creative expression in a structured environment. Our campus has an open door policy and we welcome all parents and family any time.

TESTIMONIALS

"My son has been at Busy Bees since March (2010) and we love it. It's a good balance of play and learning, and I'm amazed by how much he's developing intellectually and emotionally. We came from another preschool that was supposed to be highly rated, and our experience here has been dramatically better. He loves his teacher and is now happy, eager to go to school and excited about everything that he's learning. I recommend Busy Bees without any hesitation."

Alisha B.

Evant's Mom - Pre-Kindergarten

"My son LOVES it here, has only been attending for 3 weeks and has already grown an attachment to this place and the teachers... pick up time is always a fight because he just doesn't want to leave. All the teachers are sincere, warm and friendly... did not ever think he would enjoy school until we came here!"

Tammy S.
Lukas' Mom - Preschool
